

Valley Athletic Association (VAA)

Skills List

Occasionally Valley Athletic Association (VAA) has a need for skills to assist in the general operations of the Association and upkeep of our buildings, grounds, fields and equipment. Along with providing great facilities, our costs will be minimized and fees kept low the more people in our community that volunteer their time.

We'd like to establish a list of people that can be called upon when there is a need for someone with a particular skill. Please take a look at the skills listed below we are sometimes in need of. Just let us know if you'd like to be added to the list. Having your name on this list does not commit you to anything. We will contact you if there is an opportunity for you to help us with a particular project. You can then decide if you are able to help us with that project.

Please contact the VAA board at admin@vaasports.org with any questions or if you'd like to be added to our "Volunteer List."

Skills/Vocation/Hobbies/Interest

- Air Conditioning Maintenance & Repair
- Building Construction/Carpenter & Repair
- Central Heating Repair & Maintenance (Gas)
- Computer, database, software expertise
- Electrician
- Landscaper
- Lawyer/Legal Counsel
- Mechanic
